

# *Small Business Resource Directory*

## WHAT

The **Alabama Microenterprise Network (AMN) *Small Business Resource Directory (SBRD)*** is a digital publication available through the AMN website ([microenterprisealabama.org](http://microenterprisealabama.org)) that functions as a repository of information on **service providers** across Alabama.

Alabama's small and microbusiness owners can refer to the *SBRD* database for help finding resources in a number of areas:

- ▶ Technical assistance and training
- ▶ One-on-one counseling or consultation
- ▶ Funding, access to capital
- ▶ Workspace
- ▶ General business resources

## WHO+WHY

**The *SBRD* audience is service providers.** We define service providers as:

- ▶ Nonprofit 501(c)3 and 501(c)6 organizations
- ▶ Banks or lenders
- ▶ For-profit organizations or businesses that offer free or low-cost services

**The *SBRD* promotes interaction between service providers,** allowing them to learn how they can help and support each other, or bolster their service offerings through the dissemination of industry-specific information, or networking and training opportunities.

**The *SBRD* connects service providers to new audiences** who could benefit from their services at a critical stage (early, existing, growth) in their business' development.

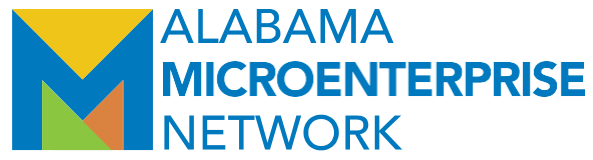

## HOW

**The *SBRD* is excited to add your organization to the list of resources** that can help Alabama's small businesses grow and thrive.
